

Maryland State Board of Dental Examiners

“2014” Licensee Renewal Only

“There’s Something You Need to Know”

When renewing your license on the Dental Board’s Website, please note the Renewal Questions page and on that page in the far left corner you will notice a drop down box that reads **“MENU”**. All items in that menu box must be checked indicating your completion of that page before you are allowed to continue. If not checked please return to that page and complete it. If a question does not apply to you just answer “no” in order to proceed to completion and print receipt.

Also, remember to click the down arrow in the Change Status to box and select the option.
